

CALL FOR PROPOSAL: P03/2017 - Call for proposal for service providers to repair small horticultural machinery for the Langeberg Municipality to register on database

The Langeberg Municipality wishes to acquire the services of service providers to repair small horticultural machinery and invites all interested parties to submit their completed database registration forms and rate cards clearly marked **“P03/2017 - Call for proposal for service providers to repair small horticultural machinery for the Langeberg Municipality to register on the database”** should be placed in the tender box, at the Municipal Offices, 28 Main Road, Ashton not later than 12:00 on 06 October 2017.

The proposal has two phases.

In order to be registered on the database, the tenderer must satisfy the Municipality on the following aspects:

- The tenderer must have/demonstrate that they have adequate capacity and relevant experience of at least 3 years repairing small horticultural machinery and the equipment to carry out all the work as specified.
- The tenderer must also provide a proof of financial ability to execute the work.
- The tenderer must provide proof of insurance against possible theft and other possible damages whilst the machinery is in the possession of the service provider.
- The tenderer must provide a proposal for an asset tracking system, to monitor the movement of the machinery between the municipal officials and the service provider.

Service providers must obtain 50 % threshold in order to be registered on the Langeberg Municipality database.

The lowest, or any proposal, will not necessarily be accepted and council reserves the right to accept any proposal. Late, faxed or e-mailed proposals will not be considered.

Any enquiries regarding the proposal document can be directed to Ms Michelle Hucklesby at 023 6278200
